

COVID 19 Information for Temporary Workers

The Government has introduced strict measures to reduce the spread of coronavirus, including curbing people's movement outside their homes, banning public gatherings of more than two people and the closure of shops selling non-essential items.

In addition, the Government has shut all UK social venues including restaurants, cafés, bars, pubs, health clubs and leisure centres. The new social distancing measures will be reviewed by the Government every month to see if any can be relaxed.

We realise that this has impacted on your opportunity to earn but rest assured we are doing everything we can.
